Human First Hiring: How CMS is Reframing Teacher Recruitment Around Relationships	10/8/25	10:45 AM	11:45 AM	In today's competitive hiring market, school districts can no longer rely on long applications and passive job postings to attract top talent. Charlotte-Mecklenburg Schools (CMS) is charting a new course—elevating recruiters as the primary driver of early candidate engagement and focusing on relationships over paperwork. This session will share how CMS has restructured its approach to teacher and teacher leader recruitment by building a compelling new hiring page, launching targeted outreach campaigns, and prioritizing rapid recruiter follow-up. Rather than waiting for candidates to navigate a complex application, CMS is putting human connection at the forefront of its hiring strategy. Attendees will leave with actionable strategies to reimagine recruitment—ranging from enhancing their career site and digital outreach to strengthening human connections and empowering recruiters as ambassadors for the district. INVISIBLE to INVALUABLE: Empowering Those Who Support	10/8/25	10:45 AM	11:45 AM	Invisible to Invaluable: Supporting Those Who Support This presentation explores effective strategies for school administrators to value and empower essential support staff members – including administrative assistants, custodians, cafeteria workers, bus drivers, nurses, security monitors, paraprofessionals and more – who play a crucial role in creating positive school environments. Key points include: 1. Fostering a collective "we're in this together" culture through celebrating everyday heroes 2. Enhancing communication to the support team 3. Showing authentic gratitude and encouraging appreciation 4. Leading by example to demonstrate respect for all roles 5. Establishing clear boundaries that protect and empower support staff. The presentation will highlight how these approaches create an environment where all staff feel seen and valued, leading to improved school culture, enhanced student experiences, and boosting morale for stronger educational outcomes. Real-world examples and actionable implementation strategies will be provided.	Intermediate	Performance Management; Training & Development; Work-Life Integration

No Magicians in HR	10/8/25	10:45 AM	11:45 AM	Contrary to popular belief, employees don't magically appear or disappear with just a tap of HR's magic wand!!! Clear processes for interviewing candidates and documenting performance are critical in K-12 education. Securing high-level talent for an organization and releasing low-performing talent doesn't happen magically but requires a clear strategy and structure. A well-designed interview structure ensures quality hires and performance documentation aids in accountability. Both of these, if addressed appropriately, will help mitigate legal risks for your organization while positioning the organization to reach its desired outcomes. Session Description: This session will provide an overview of essential practices and challenges in K-12 education while offering practical insights and strategies. Attendees will learn the do's and don'ts of the interview process, ensuring effective hiring protocols that align with school values and goals as well as HR best practices. Emphasis will be placed on the importance of documenting performance, highlighting how thorough records support accountability, professional growth, and informed decision-making. Join us to gain valuable knowledge and tools to navigate these complex issues, partner with organizational leaders in reaching the school organization's established goals, and enhance the employee experience. I am a Mentor, So Now What?	10/8/25	1:30 PM	2:30 PM	The Putnam County School District has established a district-wide mentor program in which teachers are hired specifically to serve as mentors, making mentoring their primary responsibility. These mentors are not current classroom teachers who have to balance teaching with supporting their mentees, allowing them to dedicate the time and focus necessary for effective mentorship. Research indicates that mentors are among the most valuable assets in any organization, including the education sector. Identifying the right mentor is essential for developing a successful mentor-mentee relationship and ensuring the effectiveness of the mentoring program. Once a suitable mentor is selected and the program is implemented, what exactly does the mentor's role involve? How can a school district enhance the effectiveness of its mentors? In this session, we will explore the mentor's responsibilities, key duties, and the ways in which mentors can receive support throughout their journey. Women Who Lead and Learn: Building Sustainable Networks for Female Leadership in Education	10/8/25	3:15 PM	4:15 PM	Women make up the majority of the education workforce but remain underrepresented in leadership roles. The "Ladies Who Lead and Learn" (L3) initiative was created to address this gap by fostering a professional learning network rooted in trust, equity, and shared growth. In this session, attendees will explore how L3—a regional model developed in suburban Chicago—supports women leaders through vulnerability, reflection, and collaboration. Presenters will share research, structure, outcomes, and strategies for replicating this inclusive leadership model in other districts or regions. Participants will examine how the initiative developed under the umbrella of a regional office of education and how its principles align with AASPA's goals of recruitment, retention, and professional development of highly effective school personnel. Drawing from research by Learning Forward, Keating & Kullar, Barsh et al., and others, this session will demonstrate how intentional professional learning networks (PLNs) can help women leaders overcome systemic barriers such as isolation, implicit bias, and self-doubt. Through the use of structured reflection, keynote storytelling, and monthly collaborative meetings, L3 creates a flexible yet powerful format for professional and personal growth. This session will also explore the importance of male allies in leadership development and how their support plays a critical role in creating inclusive, sustainable systems. HR professionals and school system leaders will walk away with actionable ideas for advancing women into leadership roles, increasing retention, and fostering meaningful peer support systems across roles and districts. Outcomes for Attendees:: Understand the value of personal learning networks (PLNs) for women in educational leadership. Gain tools to establish similar support networks in their organizations. The Free Speech in Education Playbook	10/9/25	2:45 PM	4:15 PM	Education institutions must balance a number of concerns when addressing the free speech rights of students, staff and public. Specifically, school districts must create an environment that supports the free exchange of ideas while at the same time, provide a safe environment that protects against the harm that unlimited speech can create to the educational environment. The policies and procedures related to school facilities play a vital role in finding this balance. For example, school district must implement policies that protect the free speech rights of the public while, at the same time, ensuring their properties are not used for speech that threatens their educational goals. Further, schools must develop appropriate policies regarding the materials that staff and students can display on campus and monitor school technology in a way that protects against harm but does not improperly limit speech. To address these issues and find the balance that free speech requirements, schools can adopt specific policies that establish clear and specific procedures to establish how free speech will be balanced with the need to protect safety and eliminate speech that interferes with educational programs. This presentation offers a comprehensive pathway to ensure school's policies are updated and implemented in a way that finds the required balance. We will include an "implementation" program that will establish the steps required to incorporate the plan, discuss them with the public, and train staff so the policies can be implemented in a way that respects the rights and concerns of all parties. Building a Sustainable Workforce: Strengthening Educator Retention Through Strategic Induction Programs	10/10/25	8:15 AM	9:15 AM	Amidst the backdrop of nationwide staffing dilemmas, Wisconsin also finds itself grappling with unprecedented challenges in recruiting and retaining educators. Wisconsin's Special Educator Induction Program is showing great promise in talent development, leading to greater retention. It uses a strategic human resources approach of professional learning, coaching, and a support network to retain its new educators. This statewide model can be modified for a regional, district, and/or school model. In this session, we will explore retention data, lessons learned, strategies, and resources to implement a successful induction program. Participant Objectives: Participants will discover the three components of successful and effective induction for new educators. Participants will gain ideas, strategies and resources that they can use to start their own successful induction program.	Basic	Orientation & Onboarding; Training & Development
Leading Out Loud: Building a Career and Life You Love	10/10/25	8:15 AM	9:15 AM	What does it look like to lead unapologetically, thrive professionally, and still show up fully at home? In this powerful and personal session, Lisa Boland, Chief Human Resources Officer of one of the largest school divisions in the country—and mother of four—shares her journey of navigating executive leadership while building a life rooted in presence, purpose, and authenticity. From being the first in her family to graduate college to defying expectations in the C-suite without an advanced degree, Lisa offers candid reflections on identity, imposter syndrome, and the reality of being a woman in senior leadership. This session will challenge, inspire, and empower women—especially working moms—to stop waiting for permission and start leading out loud. Attendees will walk away with practical strategies, personal encouragement, and the reminder that you can build a career and a life you love.	Basic	Work-Life Integration; Career Management
